

FCZD ADVISORY COMMITTEE MEETING AGENDA

Pierce County Flood Control Zone District (FCZD) Advisory Committee: The Advisory Committee is created to provide expert policy advice to the board of supervisors of the Pierce County Flood Control Zone District on regional flood protection issues. The committee shall review and recommend an annual capital budget for the district, including capital improvement program projects and funding levels, subject to approval or approval and modification by the board of supervisors. (Chapter 11.06.030 Pierce County Code).

ADVISORY COMMITTEE OPERATING GUIDELINES - Revised March 8, 2024

Foundational Information

Authority: The authority of the Advisory Committee is included in Pierce County Ordinance No. 2012-24.

Purpose: The purpose of this document is to establish the standard operating procedures for conduct of the Pierce County Flood Control District Advisory Committee (Advisory Committee).

Mission: The Advisory Committee is to provide policy advice to the Board of Supervisors of the Pierce County Flood Control Zone District (FCZD) on regional flood protection issues. The Advisory Committee shall review and recommend an annual capital budget for the district, including capital improvement program projects and funding levels, subject to approval or approval and modification by the Board of Supervisors. The Advisory Committee shall perform any additional review and/or recommendation functions as directed by the Board of Supervisors. Budget recommendations shall be forwarded to the Board of Supervisors by a date that will facilitate a contemporaneous review of the Pierce County Executive's proposed annual budget.

Scope: The FCZD area encompasses all of Pierce County. The primary long-term goal of the FCZD is to address flood and stormwater control needs throughout Pierce County. The FCZD Advisory Committee will similarly address county-wide flood and stormwater control needs.

Participation

Members: The Advisory Committee shall be composed of 15 members as follows:

- One representative each from the following cities: Fife, Orting, Puyallup, Sumner and Tacoma;
- The Pierce County Executive or a designee;
- One resident each from water resource inventory areas (WRIA) 10, 11, 12 and 15;
- One representative from the Port of Tacoma;
- One representative selected from either a recognized organization representing agriculture and/or forestry interests in Pierce County, or a representative of the Puyallup Tribe of Indians;
- Two members representing unincorporated Pierce County, and
- One at-large member.

Alternates: Members are encouraged to attend all meetings. Members can designate one alternate to attend on their behalf. Members must notify the Executive Director in writing (electronic notice is allowed) with the name of their alternate. Members and alternates will share printed information, unless other arrangements are made, and are requested to keep each other up-to-date on pertinent information throughout the process. Alternates are allowed to speak on behalf of their committee member only if the committee member they represent is absent from the meeting. Alternates may not vote.

Terms: Terms for membership are specified in Ordinance No. 2012-24, Exhibit A, Section 11.06.030, D. Appointments shall be for 4-year terms. No member of the Board shall serve more than two consecutive full terms of office. Member vacancies occurring or any reason shall be filled by appointment for the unexpired terms or, if occurring on the termination of a regular term, the successor shall be appointed for a full term.

Quorum requirement: There is a quorum requirement. A simple majority of currently appointed members must be present for the Advisory Committee to make budget decisions/recommendations and approval of all other business. Participation by conference line will be made possible to secure a quorum of for budget meetings with 48 hours written notice (email) to the Executive Director.

Decision-Making: The Advisory Committee will use consensus decision-making process when possible. To reach a consensus decision, Advisory Committee members will make proposals, hold additional discussion, and the chair will call for the consensus decision on the proposal. Every effort will be made to meet the interests of all members. Consensus has been reached when everyone agrees they can accept moving forward with the recommendation and will support the recommendation.

If consensus cannot be reached, the decision will be made by a majority vote, with a majority being a simple majority of those members or alternates present at the meeting (assuming a quorum is present.) In those instances where consensus cannot be reached, once a vote is cast, both the majority and minority opinions of Advisory Committee members in relation to that recommendation shall be fully documented.

Remote Meeting: The Advisory Committee may meet via remote meeting technology such as video and/or audio conferencing within the guidelines set by the state under the Open Public Meetings Act and additional state guidance that may be provided. When using remote technology for meetings, access must be provided to the general public and the meeting access instructions must be included in the public notices.

Roles and Responsibilities

Advisory Committee Members: Advisory Committee members bring unique perspectives to the Committee and are encouraged to work collaboratively with other interests in developing recommendations for the FCZD. It is hoped that members will become informed about the issues, contribute useful information to the deliberations, and serve

as an accurate and objective information conduit with others outside the FCZD Advisory

Committee who have similar interests. Specifically, Advisory Committee members will:

- Come to meetings prepared.
- Review technical and financial information and analyses to understand the scope of the issues, and potential approaches to the issues and their impact on the community.
- Serve as a liaison to the public and/or their agencies (as appropriate) by networking effectively outside the Advisory Committee with people or groups with similar interests to provide broad input to the discussions.
- Bring a valuable and informed perspective and contribute useful information to the process.
- Work collaboratively, constructively and creatively to help advise the FCZD.
- Advise the Advisory Board Chair, Executive Director, or FCZD Administrator if the member is unable to attend an Advisory Committee meeting.
- Attend meetings consistently. If a representation seat (member or alternate) has three consecutive, unexcused absences from Advisory Committee meetings, the member may be subject to a removal from the Advisory Committee based on a recommendation of the Advisory Committee to the County Council.
- Abide by the ground rules.

Committee Leadership: The Advisory Committee will have a Chair and a Vice-Chair. The Advisory Committee shall elect the Chair and ViceChair annually at the first meeting of the year. If for any reason an election is not possible at the first meeting, the current officers shall serve in their roles until the election is held. It is preferred that one officer be a locally elected official; however, if a locally elected official is not available to serve as chair or vice-chair, any appointed member of the Advisory Committee may be elected as an officer.

The chair of the Advisory Committee will be responsible for:

- Working with the FCZD Executive Director and Administrator to establish meeting agendas to meet Advisory Committee work plan goals;
- Represent the Advisory Committee as needed before the FCZD Board of Supervisors as needed;
- Represent the Advisory Committee as needed in meetings with the US Army Corps of Engineers;
- Encourage input from all committee members during the meeting;
- Convene and adjourn the meetings of the committee;
- Facilitate consensus among committee members;
- Call for votes of the Advisory Committee when needed;
- The chair may establish subcommittees of the Advisory Committee, and
- Serve as a principal contact for the FCZD Administrator for support needs of the Advisory Committee

The Vice Chair of the Advisory Committee will perform all duties of the Chair in his/her absence.

Flood Control Zone District: The FCZD Administrator will provide material support to the Advisory Committee. In addition, the FCZD Administrator is responsible for providing background and educational materials and providing technical input and support throughout the process. Specifically, the FCZD Administrator will:

- Provide draft and/or final technical and financial information and analyses to inform Advisory Committee discussions.
- Support the Advisory Committee in their decision-making.
- Support the Advisory Committee's responsibilities as liaison to the public and/or their agencies by providing information in a timely fashion to allow for Advisory Committee and constituent consultation.

Facilitation: The FCZD Board of Supervisors has designated the District's Executive Director to facilitate and support the Advisory Committee process. The Executive Director will facilitate communications and discussions among the FCZD Administrator, Planning & Public Works staff assigned by the Director of Planning & Public Works, Advisory Committee members, and the Chair, and maintain the integrity of the committee process. Specifically, the facilitator will:

- Remain neutral
- Not contribute substantive ideas.
- Help the Advisory Committee accomplish their tasks.
- Suggest and implement process ideas.
- Help the Advisory Committee abide by its adopted ground rules.

External Communications: Members are encouraged to share accurate and objective information about the process with other people. Specifically:

- Members will avoid characterizing the views or opinions of other Advisory Committee members outside of Advisory Committee meetings.
- ☐ Advisory Committee meeting products, such as agendas and summaries, will be posted on the FCZD website.

Communications:

- **Email:** Email will serve as the primary communication mechanism with the Advisory Committee between meetings.
- **Efiles:** Staff will endeavor to size e-files so as to facilitate easy downloading and review by Advisory Committee members.

- **Contact list:** A current contact list, including email, USPS mail, and phone numbers of Advisory Committee members will be maintained by the FCZD Executive Director and Administrator. Contact information will not be released to other members without the consent of members.
- **Open Public Meetings Act:** The Advisory Committee will operate under the requirements of the public meetings act, including public notification of meetings and limiting decision-making to official meetings. The Advisory Committee will complete required training related to the Open Public Meetings Act.

Documentation

Meeting Summaries: Meeting summaries will capture key discussion points, action items, and areas of agreement on recommendations. Meeting summaries will not be transcripts of the meeting. Draft summaries will be circulated to the Advisory Committee for review and comment. The FCZD Executive Director will incorporate comments as appropriate into the final summary and will review the final summary with the District Administrator for quality control.

The FCZD Executive Director and Administrator will not share confidential communications with others nor include confidential information in Advisory Committee documentation.

Ground Rules

- RSVP meeting attendance and arrange alternate to attend if a member must miss a meeting
- Come to committee meetings prepared
- Treat one another with civility
- Respect each other's perspectives
- Listen actively
- Limit side conversations
- Participate actively
- Honor time frames
- Silence electronic devices during meetings.
- Speak from interests not positions

Meeting Schedule

The Advisory Committee shall set its meeting schedule each year to align with the tasks and responsibilities delegated to it by the Board of Supervisors. The number of meetings may range between four and seven annually but may meet more frequently if requested by the Board of Supervisors. Meetings may be held at varying and appropriate locations within the

Revised Operating Guidelines July 7, 2023
geographic boundaries of the FCZD.

Public Attendance and Comment

All meetings of the FCZD Advisory Committee are open to the public. An opportunity for public comment period will be available at all FCZD Advisory Committee meetings.

Pierce County Flood District Advisory Committee

February 28, 2025
Meeting

District Formation and Purpose

Formation:

- Economic impacts from flooding in Pierce County exceed \$1 billion from property and infrastructure damage and impacts to businesses and employees.
- In response to the increasing cost of damages and the regional impact to the economy these impacts have, Pierce County formed the Pierce County Flood Control Zone District ("Flood District" or "FCZD") in April 2012.

Purpose:

- Undertaking, operating, and maintaining flood control and storm water control projects, among other purposes defined in Chapter 86.15 RCW.
- In 2013, the Flood District levied a property tax to fund flood control projects allowed under Chapter 86.15 RCW.

District Governance Structure

Board of Supervisors
(County Council Members)

Executive Committee

Advisory Committee

Board of Supervisors

- Meets once a quarter.
- Governing body for the Flood Control Zone District.
- Sets Policy and Budget.
- Pierce County Council is Board by statute.

- Meets once a month
- Oversees day-to-day business of the district.
- Develop policy recommendations for board consideration.
- Composed of the Chair, Vice Chair and one other board member.
- Serves as a committee of the board.

Executive Committee

Advisory Committee

- Meets approximately once a month between February - August.
- Pierce County government creation as a stand-alone advisory committee that provides advice to the Board.
- Meet for briefings, discussions, and crafting recommendations for the Flood Control Zone District.
- Composed of 15 members.

District's Organizational Structure

Pierce County Flood Control Zone District

Kjristine Lund, PC FCZD Executive Director

Brandon Smith, District Administrator

District Support - County Planning

Angela Angove, Planning Manager

Helmut Schmidt, Planner 4

Allyson Kilcoyne, Planner 3

SWM Planners/Engineers/Water Quality Specialists/GIS

District Finance/Accounting/Legal

Meagan Donathan, Accounting Assistant 3

Private Consulting Firms

Executive Director

Kjristine Lund is the Executive Director of the Pierce County Flood Control Zone District. She launched the District in 2012 and has guided it through its development as a significant source of regional funding for flood risk management projects throughout Pierce County. Lund staffs the Board of Supervisors and Executive Committee and works with them as they develop investment policies and make financial decisions for managing flood risks.

Pierce County Involvement

District Administrator

Brandon Smith, Assistant County Engineer.

The District Administrator duties:

- Administration of day-to-day operations.
- Planning for the future of the district.
- Preparing the annual budget.
- Reviewing/approving project funding requests.

The District Administrator works in conjunction with the Executive Director to run the district and delegate tasks to support staff.

District Staff Support:

Pierce County employees are assigned to support district tasks.

District Support also includes contracted consultants tasked with a variety of district-related administrative, legal and accounting activities.

District's Annual Budget

Pierce County Flood Control Zone District Approved 2025 Annual Budget (Approved October 9, 2024)

Fund Balance 3rd Quarter 2024	\$51,490,997
Administration Expenditures	(\$834,800)
Operations & Maintenance Expenditures	(\$2,842,227)
Opportunity Fund Expenditures	(\$2,497,547)
Capital Project Expenditures	(\$9,553,100)
Projected 2025 Ending Fund Balance	TBD

District Levy Rate is \$0.10/\$1000 of Total Assessed Value and applies to incorporated and unincorporated Pierce County.

District's Annual Budget is prepared under Executive Director's direction and with support by Pierce County staff.

District's Annual Budget is approved by the Board of Supervisors in October/November of the preceding year.

Comprehensive Plan of Development (CPOD)

- Current CPOD is based on Pierce County Rivers Flood Hazard Management Plan.
- A District CPOD is required for flood or stormwater control improvements (RCW 86.15.110) and subject to certain regulatory control provisions (RCW 86.16- Floodplain Management).
- CPOD identifies regional programs and projects to reduce risks to public health and safety, reduce public infrastructure and private property damage, and reduce maintenance costs while protecting and maintaining the regional economy.
- District funding is directed toward the purpose of the District's CPOD and its related projects.

District Funding Programs

**Capitol
Improvement
Project Fund**

**Opportunity
Fund**

Capitol Improvement Project Fund

- **Funding Eligibility:** Project must be in Comprehensive Plan of Development (CPOD).
- **Eligible Projects:** Acquisitions, Studies, Design and Construction that reduce flood risks and improve water quality.
- **Allocation Amount:** Typically, \$50,000-\$2,000,000 per project per year.
- **When Funds are Available:** Project Sponsors may begin spending at start of year for projects included in District's Annual CIP.
- **How to Access Funds:** Project Sponsors submit Scope of Work and Funding Request to District as part of CPOD preparation.
- **Future Project Scope, Schedule or Costs:** Capital Funds are approved annually on per project basis. District's 6-YR capital plan is not guaranteed future funding.

Opportunity Fund

- **Funding Eligibility:** Pierce County, and Cities and Towns of Pierce County.
- **Eligible Projects:** Varies, includes M&O, studies, flood and stormwater control, watershed management, and major equipment.
- **Allocation Amounts:** Jurisdictions receive a minimum of \$50,000; or a proportion of Opportunity Fund based on Jurisdiction's Total Assessed Value.
- **When Funds are Available:** A letter is provided to Jurisdictions in April with their current balance and instructions on how to apply.
- **How to Access Funds:** Jurisdictions submit a Notice of Intent and a Scope of Work to FCZD support staff by July.
- **Changes to Project Scope or Costs:** Jurisdictions are required to submit a revised Notice of Intent and Scope of Work to FCZD support staff for review and approval.

Possible Ways to Work with the District

- **Participation at Board, Executive and Advisory Committee Meetings**
- **Capital Improvement Project Fund**
 - Jurisdictions are only eligible as “Project Sponsor.”
 - Look for partnering opportunities with Jurisdictions.
 - Ensure the project is identified in CPOD.
 - Project Sponsor is responsible for acquisitions and project implementation.
 - District typically funds a portion of a project's total cost.
- **Opportunity Fund**
 - Jurisdictions are only eligible to use Opportunity Funds.
 - Look for partnering opportunities with Jurisdictions.
 - Ensure the work meets eligibility requirements.
 - Jurisdictions will be responsible for use of funds.

Thank you for listening!

Types of Flooding	Riverine, Coastal, Groundwater, Urban	Riverine, Coastal, Groundwater, Urban

District Plan Contents

Vision

The Pierce County Flood Control Zone District will take a proactive approach to funding actions that address riverine, urban, coastal, and groundwater flooding, ensuring that Pierce County residents can enjoy the multiple benefits of a secure and thriving Pierce County.

The District is committed to assisting its partners by contributing funds to the building and maintaining of flood risk reduction measures that not only protect private and public property today but also improve habitat conditions and ensure the safety and economic vitality of Pierce County for the benefit of generations to come.

District Plan Contents

Plan Scope

The County Plan looks at riverine flooding and flood hazards within Pierce County for each river basin: the Puyallup River basin, White River basin, Carbon River basin, and Nisqually River basin. The County Plan also looks at stream flooding throughout the county. The County Plan considers the history and potential impact of urban flooding, coastal flooding, and groundwater flooding within Pierce County.

The District Plan adopts by reference the County Plan's considerations for riverine flooding, urban flooding, coastal flooding, and groundwater flooding.

District Plan Contents

Project Eligibility & Supplemental Project Information

The District offered the County and the cities and towns within the County an opportunity to identify additional projects that are eligible for District funding.

Additional projects have been received from the following cities and towns: Bonney Lake, Pacific, and Puyallup. The additional projects are included in the Plan.

This District Plan incorporates by reference the 2023 County Plan, which includes the County Plan's identified recommended programmatic actions and capital projects and supplemental information obtained by the District during the fall of 2024.

District Plan Contents

Adjusting and Amending the District's Plan

Given the breadth of the projects planned over the long term within the District's Plan and the implementation time frame necessary to complete the projects, some flexibility for adding and changing projects within the Plan will be necessary, though limited for implementation purposes.

The Plan includes procedures for adjusting and amending the District's Plan.

District Plan Contents

Plan Highlights

Flood Risk Management Strategies by Basin and Flood Type, includes projects – page 91+ - Chapter 6

Project Lists from Local Jurisdictions – Page 587 + Supplemental Projects Pages 17-31

Economic Impacts – Transportation, Jobs, Infrastructure – pages 700+

District Plan Contents

Environmental Review

The County undertook extensive environmental review and analysis of the County Plan, including the preparation of an environmental impact statement (EIS). The environmental analysis presented in the EIS sufficiently and adequately addresses the potential environmental impacts that may result from the District's adoption of its own plan.

Pursuant to RCW 43.21C.034 and WAC 197-11-600, the District staff and consultants reviewed the County Plan EIS and determined that the environmental analysis conducted in the EIS sufficiently and adequately reviews and addresses the potential environmental impacts that might arise from the District's adoption of the CPOD. **No additional environmental review is required.**
